Wenge finish

Oak wood

INTRODUCTION TO THE HANGER

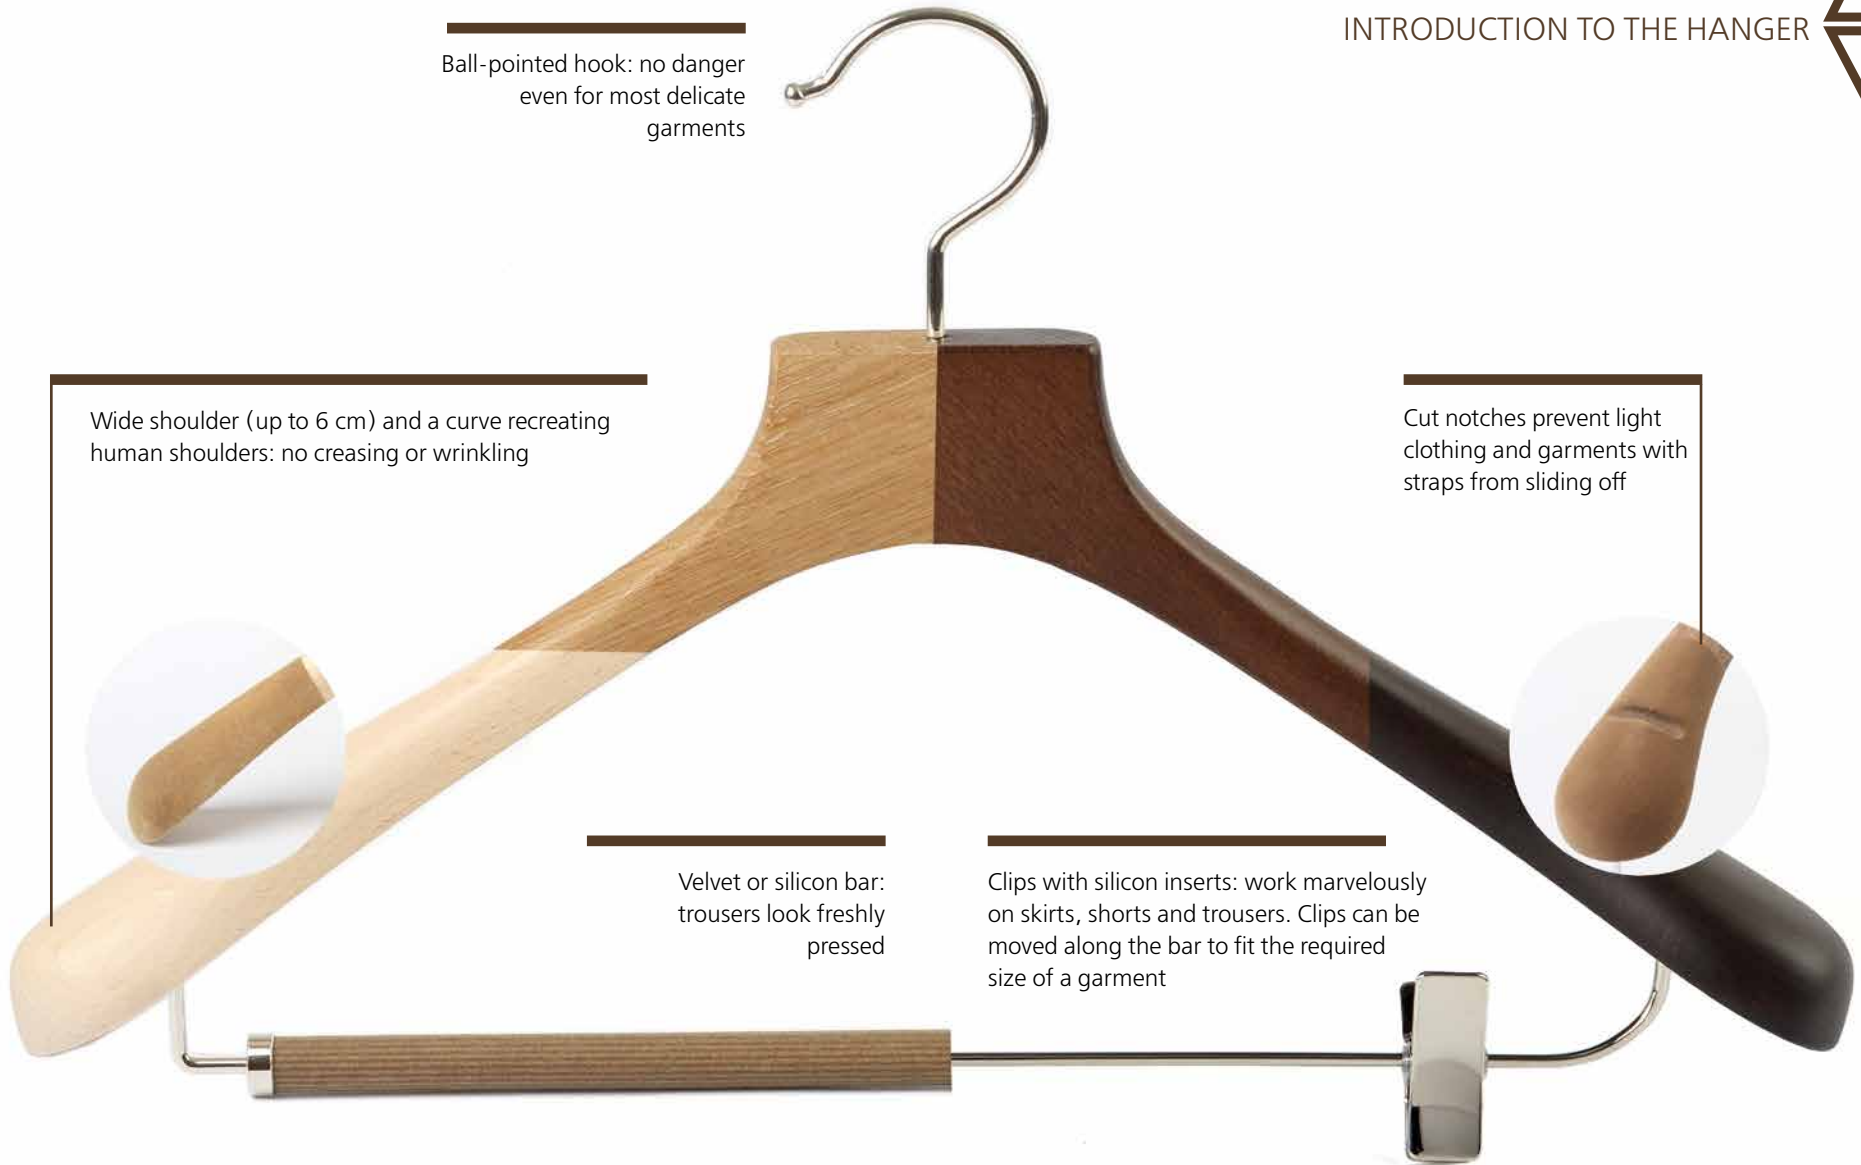

Ball-pointed hook: no danger even for most delicate garments

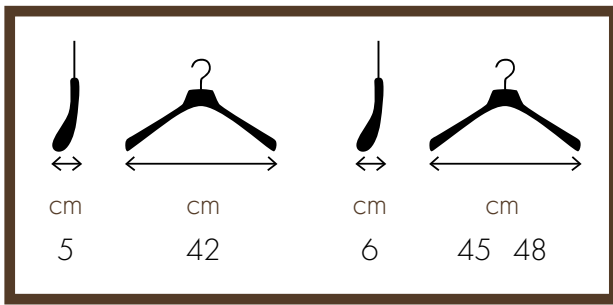

Wide shoulder (up to 6 cm) and a curve recreating human shoulders: no creasing or wrinkling

Cut notches prevent light clothing and garments with straps from sliding off

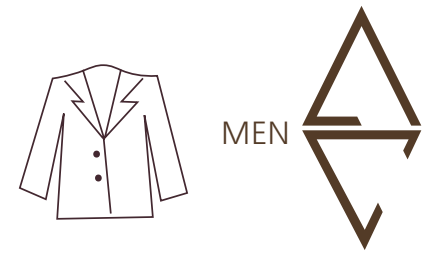

Velvet or silicon bar: trousers look freshly pressed

Clips with silicon inserts: work marvelously on skirts, shorts and trousers. Clips can be moved along the bar to fit the required size of a garment
